Work under stress

ABOUT ME

I am a student in Italy, my dream is to learn and find happiness i think it's the most important thing in the life

My Jobs

I worked as a freelancer for two years, I have sold a couple of design mockups like apps and websites, I have created many design prototypes as brochures for my school

Why hire me?

Because I want to learn many things in my life, I love to study and I like to try new things I think that falling into life is normal but the most important thing is to try again and never give up

LANGUAGE

Native Language: Italian

Other Languages: English
